

The Federal Communications Commission

Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is unfair!

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

HOW MUCH MORE DO YOU THINK POOR PEOPLE CAN TAKE? I LIVE ON A BUDGET, I ONLY KEEP A PREPAID PHONE IN MY CAR IN CASE I HAVE A BREAKDOWN. DO YOU WANT TO TAKE EVEN THAT AWAY FROM ME? EVERYTHING KEEPS GOING UP BUT MY PAYCHECK. FOR GOD'S SAKE STOP PUTTING EVERYTHING ON THE BACKS OF THE POOR PEOPLE. YOU HAVE NO IDEA HOW CLOSE IT IS TO BREAKING.

Sincerely,
